

## San Francisco Bay Area

### New Commissions

The Bay Area Chapter is pleased to announce the award winners for its first annual **Northern California Composers Commissioning Program (NCCCP)**. Each award is divided between the composer (80%) and the applicant performer or presenter (20%):

Composer **Linda Bouchard** will create a piece for viola, percussion, and electronics, to be performed by violist **Ellen Ruth Rose** and percussionist **Chris Froh** during the 2006-07 season; Composer **Kurt Rohde** will create a new work for the **San Francisco Chamber Orchestra** 2006-07 season; Composer/performer **Matt Small** will create new work in a jazz idiom for his ensemble, to be presented at the **San Francisco Community Music Center** in 2006.

One of the three NCCCP awards was reserved for a young and/or emerging composer, and Matt Small qualified as both (see also "subito in the Bay Area" below for more on Small's activities).

*NCCCP is supported by the Fund for Artists, an initiative of the Ford, James Irvine, and William & Flora Hewlett Foundations, and administered by the San Francisco Foundation.*

### Bay Area Readings

The next event in the chapter's popular *Reading Sessions* series will feature the venerable San Francisco new music ensemble **EARPLAY** and is scheduled for June 10 in the Chorissima Recital Hall at the Kanbar Arts Center (44 Page Street, San Francisco).

There will be two reading sessions that day: from 10 a.m. - 1 p.m. and from 2-5 p.m. Composers are invited to submit their scores for Earplay's consideration; Details are available on our website: [www.sfcomposersforum.org](http://www.sfcomposersforum.org)

### subito in the Bay Area

Bay area composer **Matt Small** presented a successful performance with his Chamber Ensemble at Old First Concerts in San Francisco. The concert, supported in part by a chapter *subito* grant, showcased Small's work in a jazz idiom to an enthusiastic audience. The award was earmarked for rehearsal and promotional costs, and Small was able to appear on three local radio programs to publicize his concert.

"*subito* is an extremely important program for composers, performers, and their communities, and gives vital support to artists in a timely and uncomplicated manner, allowing them to get their creative work out to the public," said Small. "This grant allowed me the vital opportunity to rehearse and perform my work at a level which does it justice. Thank you, ACF, for implementing such a needed program!"

### Community Partnerships

With the assistance of a chapter *Community Partners* grant, Bay area composer **Jonathan Norton** and choreographer **Erin Mei-Ling Stuart** created "How to See Red," a new work for EmSpace Dance. The performance at the Dance Mission Theater in San Francisco drew a large and appreciative audience.

Choreographer Stuart credits the Bay Area chapter with giving her company the rare opportunity to commission original music for their work, and composer Norton says the project introduced him to an entirely new community of choreographers and dancers. "This grant program is not only greatly appreciated," said Norton, "but is necessary for collaborations such as this to come to fruition." ♦
